Prediction Model for DC Receiving Forecast

Thank you for participating in the Prediction Model for Distribution Center (DC) Receiving Forecast competition! This document will give background information on the files available and the delivery expectations.

If you have any questions, please reach out on the Hackathon Hotline Discord channel.

Data Provided:

- Inbound trailers, received by week, by DC
- Received units, by category, by week, by DC
- Sales units, by category, by week, by DC

Challenge Details:

- Predict the number of inbound trailers and units that will be received each week, by DC.

Good Luck!
